NEWS OF INTEREST TO FARMERS — SOIL CONSERVATION — FORESTRY — LIVESTOCK

News of the Farm Bureau

Middleground's annual family night was again one of the top Farm Bureau meetings of the year. Lots of food and good entertainment that every member of the family could and did enjoy.

J. E. Deal, the Middleground president, had named a committee of his members to prepare the program for the ladies and children would not have any duties whatever for the annual event. He had arranged for the Bulloch Four to provide the evening entertainment Thursday night.

Oris Hollingsworth, Bernard Hanks and his daughter, Gwyn, and Carl Bishop did the singing with Lewis Hursey at the piano. Oris had lined up a group of old favorite songs and kept his quartet going until they "most melted".

Figure Your Savings:

Here's how you can save—and get quality feeds by using our grinding and mixing service.

1. Use locally grown corn or grain to reduce cost.
2. We'll work out a good formula that uses Nutrena concentrates to make your corn or grain go a long way further and save feed for you.
3. Nutrena (R) concentrates put profit power of up-to-the-minute Nutrena research into your feed. A little goes a long way.
4. Our mixing service is economical, efficient and courteous. It can produce RESULTS for you. Come in and see for yourself.

Just arrived! the amazing Lilliston **ROTO-SPEED** **BUDGET-PRICED ROTARY CUTTER** that works all over your farm!

The JV cuts corn stalks, cotton stalks, tobacco stalks—clean. It moves picturesh like a whistle, leaving fine cuttings to condition the soil. The JV cuts thick undergrowth, puts unused land to work for you.

Big and rugged, the JV cuts a full 60" swath. A unique, streamlined design reduces weight and the number of parts without sacrificing strength or performance.

Let us give you a demonstration without obligation—you've got to see it! **Hoke S. Brunson, Inc.**

Grazing and Electrification Awards Presented

Top winners in the annual Future Farmers of America winter grazing and farm electrification awards program receive cash prizes from J. B. Browder, sales manager and assistant to the vice president in charge of sales, Georgia Power Company. The group includes Grady Moon, Morgan County; Louis Owen, Gay; Fred Chance, Millen; John Hanks, LaGrange; Gerald Chance, Millen; Chester Thomas, Madison; Bonnie Gaskins, Willacoochee; Bobby Moore, Valdosta; and Mr. Browder, Fred and Gerald Chance, Moore, and Hanks won winter grazing awards. Gaskins, Moon, and Owen won farm electrification awards. Presentation of the awards, sponsored jointly by Georgia Power Company and the State Department of Education's vocational agriculture department, was held at Lake Sinclair near Milledgeville.

Soil-Water Conservation

By E. T. ("Red") Mallis

Edgar Wynn, of Portals, has recently had a complete soil and water conservation plan prepared for his farm. Mr. Wynn, in cooperation with the Georgia Soil Conservation District, received assistance in planning and will receive the necessary technical assistance in applying the plan to the land.

Mr. Wynn was very much interested in utilizing all his land for its best use. Class I and II land will be kept in crop rotations. Class III land is being retired from cultivation to grass (coastal bermuda and bahia) and trees. His Class IV and V land is already in woods and he plans to keep it that way while doing everything possible to improve its productivity.

His crop rotation system includes cover crops such as lupine and oats while legumes of beans, peas and peanuts will be interplanted with corn to build up its fertility. A Class II rotation is planned for grass base. In other words bahia grass or sericea will be planted and used for pasture and/or seed for 3 or 4 years and then turned and planted to row crops two or three years.

Mr. Wynn's woodland program is something inspiring to see. He removed worked out turpentine trees etc. about 6 or 7 years ago and left a good stand of pine. Areas were opened up large enough to allow natural seeding and that is exactly what has happened. This is giving him different age groups of pines in order to have a continuing income from his woodland. On his next thing he will open up other areas and get another younger age group. He will need to thin every six years to get maximum returns from his wood. He is also planning to remove or deaden undesirable hardwoods to release young pines.

You'll find ruzawax to be anti-lipid for extra protection and resistant to water spots. You'll find ruzawax the easiest way to beautiful floors and the cleanest way to protection from bugs. Now at your grocers in Pints, 60c, in Quarts, \$1.19. Satisfaction Guaranteed or Your Money Refunded.

Faith And Perseverance Pays Off

A half century of faith and perseverance has finally paid off for Fred L. White of Buckhead, Ga. One of Georgia's early pioneers for good roads, Mr. White has been trying to get a road near his home in Morgan County since 1908. This week, the Rural Roads Authority will let the contract to build Mr. White's road.

Last week, the 73-year-old Morgan County resident presented to Governor Griffin a stack of correspondence from former governors and senators dating back to 1908. In that year, Mr. White, then a rural letter carrier, organized the Good Roads Club to promote better roads in Georgia. He served as president of the club until 1917, when the Georgia Highway Commission was formed. He was president of the National Association of Rural Letter Carriers in 1916-17.

Mr. White has had numerous setbacks in getting his road built. The road, which runs from Swords, Ga., to Mr. White's home at Parks Mill, was started in 1920 but funds ran out before it was completed.

"Every time I almost got the road going again, we would change governors and I would have to start all over," explained Mr. White. Georgia governors formerly served two year terms. He recalls with amusement the year 1917, when he went to Washington in an attempt to get funds for Georgia's rural roads.

"Congress had just approved it's first road building appropriation in the amount of \$75,000,000 and I went to Washington to plead for some of the money to be set aside for rural roads. The only thing I accomplished was to get fired by the postmaster general and I was out of a job until

Perseverance Pays Off For Morgan County Resident

Fred L. White, of Morgan County, pictured above with Governor Griffin and Highway Chairman Roy Chalker, finally gets his rural road approved after fifty years of effort. Mr. White presented the governor with a stack of correspondence from former governors and senators dating back to 1908.

Watch For Signs

Animal Diseases

Farmers feeding medicated substances to their animals are warned not to depend on these to replace good animal husbandry and sanitation practices by the American Veterinary Medical Association.

Medication added to feed to control certain specific disease conditions may not affect the particular signs of disease.

The signs of disease are the result of a number of factors, including the animal's own resistance, the nature of the disease, the method of transmission, and the environment.

Indiscriminate use of medicated feeds can lead to a sense of false security which may be expensive in terms of lost production, decreased efficiency and actual loss of infected animals.

MISS JANEORIA JOHNSON

(Received too late for last week)

Mrs. M. C. Husley is a patient in the Bulloch County Hospital.

Mr. and Mrs. Arnold Woods left Saturday to spend several days as the guests of Mrs. W. R. Woodell and Mr. and Mrs. John L. Needham in Ellenton, N. C., at their summer home, Seaside Haven, Kitty Hawk, N. C.

Mrs. Gladys Hendrix visited her sister, Mrs. Dorothy Mills of Millen Wednesday.

Miss Francis Nickles of Savannah is spending a week with her mother, Mrs. Dean Nickles, Sr.

Mrs. Edward Dickey and daughter, Hazel, are spending several days in N. C. visiting.

Miss Janell Woods of Savannah spent last week with her aunt, Mrs. Ben Screen.

Mrs. Cassie Parrish, Martha Sue and Linda Fay Parrish, Jo Ellen Woodcock and Mrs. Martin Woodcock visited Mr. and Mrs. Earl Thompson of McIntyre.

Mr. George Johnson of Indianapolis, Ind., is spending two weeks with his brother, John W. Johnson, and family, and their mother, Mrs. Edith Johnson of Augusta is visiting with them also.

Mr. and Mrs. Theron Stewart and children of Leesburg, Va., spent the weekend with Mrs. Rachel Collins.

Mr. and Mrs. Freeman Carter and Mrs. Paul Suddath, spent Sunday at Homer, Ga.

Mrs. W. H. Thomas of Sanford, Fla., spent the weekend with Mr. and Mrs. Jimmie Rowland.

Atrophic rhinitis in swine continues to spread rapidly in North America, according to a report from that state's livestock sanitary board.

In terms of lost production, decreased efficiency and actual loss of infected animals.

WITH THE BEGINNING OF THE THIRD FULL WEEK OF THE

Statesboro Tobacco Market

The Tobacco Warehousemen who operate on the Statesboro Market wish to take this opportunity to express our appreciation for the whole-hearted cooperation given the local market by the Statesboro and Bulloch County Chamber of Commerce, Bulloch County Commissioners, City Council of Statesboro, Bulloch County Bank, Sea Island Bank in urging the support of all for the local market. It is this sort of cooperation and concerted effort which has made the Statesboro Market the finest in the state.

Your Tobacco Warehouseman

Is a part of your community. For the duration of the market we become part of Statesboro and Bulloch County. Our sole objective is to secure the highest prices possible for the tobacco growers who come to your market and to make this the best market in the state. All of our personnel and the personnel of the companies who come here to buy your tobacco call Statesboro "our home" during the market.

Support the Statesboro Tobacco Market and Your Local Community

It is our aim to keep the Statesboro Market the best in Georgia, and so we join your Chamber of Commerce, your County, your City, your Banks and urge you to

Sell Your Tobacco on the STATESBORO TOBACCO MARKET

This space contributed for the benefit of the Bulloch County Tobacco Growers and the local market by

Children Left Alone Is Dangerous

Declaring statistics indicate youngsters left alone and helpless account for about 30 per cent of the 4,000 annual child fire deaths in the United States, Safety Fire Commissioner, Jack D. Cravey, today admonished all against the practice.

"Even if it is necessary to leave the house for only a few minutes, a neighbor to stay with the children; otherwise take them with you," he advised.

"When an extended absence from home is necessitated, secure children are left in the care of a competent baby sitter," he further stated.

Councilman Cravey recommended the following basic instructions be given the baby sitter:

1. Point out two or more ways of escaping from any part of the house with the children.

2. How to get the children out of the house the instant smoke or gas is smelled.

3. How to call the fire department by the nearest fire alarm box and neighbor's telephone.

4. How and where to reach the parents, doctor, police, for any possible emergency.

"The smart parent," Mr. Cravey continued, "always writes, tells, and shows the baby sitter what to do in case of fire emergency instructions are unobscured."

Asked what he wanted to be when he grew to manhood, the child said he wanted to be alive.—Old joke.

Proceedure For Gas Tax Refunds

The Internal Revenue Service has announced that non-highway users of motor fuels who wish to claim the 1 cent a gallon refund payable in the case of certain uses of gasoline, diesel fuel and special motor fuels may now obtain an explanatory pamphlet, IRS Publication No. 378, at local offices of the Internal Revenue Service.

The pamphlet, "How to Obtain a Refund of the Gas Tax," is available at the offices of the Internal Revenue Service, Peachtree-Baker Building, Atlanta, Ga.

Under the Highway Revenue Act of 1950 the Federal excise tax on gasoline, diesel fuel and special motor fuels was increased from 2 to 3 cents a gallon, effective July 1, 1950. Provision was made, however, for refunding this 1-cent increase in the case of motor fuels used otherwise than in a registered motor vehicle.

Transit systems, including scheduled common carrier public passenger land transportation systems, which also qualify for refunds under certain limitations.

In general, Georgians who qualify for a refund must file a claim on Form 846 during the 3-month period July 1 to September 30, 1957, in order to obtain a refund.

How and where to reach the parents, doctor, police, for any possible emergency.

"The smart parent," Mr. Cravey continued, "always writes, tells, and shows the baby sitter what to do in case of fire emergency instructions are unobscured."

Asked what he wanted to be when he grew to manhood, the child said he wanted to be alive.—Old joke.
